Message from the Minister

It is my pleasure to introduce the 1988 edition of British Columbia Public Libraries Statistics.

Since 1967, this publication has been the primary source of statistical information on British Columbia's public libraries. It provides library trustees, local government officials and library employees with valuable data on the development of public library resources and services throughout the province.

My sincere appreciation is extended to the public library representatives whose efforts continue to make this publication possible. Your comments and suggestions for improvements to this publication are, as always, most welcome by the Library Services Branch of my ministry.

Rita M. Johnston
Minister of Municipal Affairs,
Recreation and Culture

THE ORGANIZATION OF PUBLIC LIBRARIES IN BRITISH COLUMBIA

A **Reading Centre** is the minimal unit of public library service eligible for provincial support. It is sponsored by a community organization and is established upon approval of the Minister. Twenty Reading Centres provide library service to 10,863 residents of British Columbia.

The Minister may approve the establishment of a **Public Library Association** under Part Two of the Library Act. The Association has corporate powers and is responsible for the operation of the library. A Public Library Association is not supported through direct taxation, though it may receive grants from several sources, including local government. In British Columbia, 44 Public Library Associations serve 227,023 individuals.

A **Municipal Public Library**, supported from municipal revenues, may be established under Part Three of the Library Act following the passage of a municipal bylaw. Of the eighteen Municipal Public Libraries, serving a total population of 1,477,803, eight belong to the Greater Vancouver Library Federation.

A **Consolidated Public Library** may be established under Part IV: **Regional Library Districts**, or Part V (41): **Integrated Public Library System**, of the Library Act. A Regional Library District is made up of municipalities and school districts and is established following a plebiscite. An Integrated Public Library System is established by one or more regional districts which have assumed library service as one of their functions. Three Regional Library Districts and one Integrated Public Library System serve 1,095,814 British Columbians.

Section 40.1 of the Library Act allows two or more public library boards to establish a **Federated Public Library System** to provide common services, while member library boards retain responsibility for local services. Eight municipal public libraries, serving 884,058 residents of the lower mainland, participate in a Federated Public Library System.

Consolidated libraries processed 241,722 request items internally.

Patrons of the G.V.L.F. borrowed 836,408 items under recriprocal borrowing agreements.

The variance in total borrowing and lending can be accounted for in loans provided by the Library Services Branch, other types of libraries in British Columbia and out-of-province sources.
